

Pricing and Incentives

We have priced our property comparably to currently available lots in neighboring developments. In addition to offering views of a well groomed golf course, we have the distinction of providing direct access to a beautiful, well maintained and long established general aviation airport.

Our current pricing structure is \$0.93 per square foot with discounts on the first five lots as follows: 25% discount on the first acre of the first lot sold, followed by 20% discount on the first acre of the second lot and continue with the same philosophy with 15%, 10% and 5% discounts on each successive sale.

A one year membership to our neighboring Meadow Acres Golf Course will be included with the purchase of a lot, for those with an interest.

In addition to providing courtesy limousine transportation to Grand Falls Resort and Casino for those flying into Zangger Vintage Airpark, we will also make pickups at the Sioux Falls Airport for people interested in a Zangger Vintage Airpark lot. Available most weekends. Please call ahead for availability.

While your home is being constructed we are pleased to make available a fully furnished two bedroom home with an attached two car garage for a modest \$750.00 a month plus utilities. This allows you to be on sight to oversee your construction project and is available on a first come first served basis depending on availability.
